

International Broadcasting Industry Show 2005

MIECC, Mines Resort City, Kuala Lumpur • 6th – 9th September 2005

Malaysia's No.1 ICT event is back!

Graphics Vision (M) Sdn Bhd, the leading digital video solution provider in Malaysia will showcase their latest products from Canopus, Datavideo & Snazzi* during the International Broadcasting Industry Show. Visiting Hours is 10.00am – 5.30pm (6 – 8 Sept) & 10.00am – 5.00pm (9 Sept). Graphics Vision's products will be at Booth C118 & also at Sony's Booth B132.

canopus

Canopus latest hardware & software Non-Linear Editing fully supports the latest HDV format with more realtime capability compared with any other HDV editing solution. Canopus EDIUS SP for HDV will be showcased at Sony's Booth B132 together with Sony's HVR-M10P HDV player/recorder & the Sony LMD-172W 17" Component Professional LCD Monitor at 1920 x 1080 resolution.

On display at Graphics Vision's Booth C118 is the latest generation of the very successful DVStorm, DVStorm XA. It is half the total cost of DVStorm2 Pro but with the same overall performance!

Canopus - Storming The Competitors Again! B132 & C118
