

## GRASS VALLEY EDIUS 6.03 is HERE

with support for EDIUS NX, EDIUS SP & EDIUS HD

Grass Valley EDIUS 6.03 is now available from Grass Valley website – download section.

EDIUS 6.03 software updates released as free web downloads for registered EDIUS 6 users. Users can register on the Grass Valley website to access the download site.

**EDIUS 6** (full version) price is **RM2,899**

**Upgrade from EDIUS 5 to EDIUS 6** is priced at **RM1,399**

This latest 6.03 software update for EDIUS features 50p & 60p file import (supported by JVC and Sony camcorders), allowing for a smoother workflow within EDIUS 6. EDIUS 6.03 now also supports the legacy EDIUS NX, EDIUS SP and EDIUS HD editing platforms, in addition to the current STORM range of editing hardware.

For users of Intel's Second Generation Core Processor, EDIUS has extended support for Quick Sync Video Hardware H.264 video encoding of MP4 files to complement the AVCHD acceleration introduced in EDIUS 6 version 6.02. Users will be able to enjoy faster than real-time encoding of videos for iPhone, Play Station Portable, as well as H.264/AVC videos up to 1920x1080p50/60.

## EDIUS Neo 3.02 Update

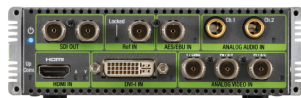

The EDIUS Neo 3.02 update also includes the 50p/60p file import support and new MP4 file exporter.

EDIUS Neo 3.02 software update released as free web downloads for registered users. Users can register on the Grass Valley website to access the download site.
