

## Datavideo Showcase at IBC 2011

IBC is the leading global tradeshow for professionals engaged in the creation, management and delivery of broadcasting media & entertainment. The event's unparalleled exhibition and agenda setting conference encompass the very latest developments in broadcasting, mobile TV, IPTV, digital signage and R&D making it essential for everyone's understanding of the industry and its future. IBC2011 took place at the Amsterdam RAI from 8 – 13 September.

At IBC 2011 Datavideo launched its latest switcher - SE-2800 12 input switcher - that will support both HD and SD, and the HS-600 hand carried system with the built in 8 input SD switcher (6 Composite, 2 DVI-D). Datavideo also exhibited its OBV solution which is designed to provide a professional, fully-featured yet compact and installation-friendly solution for OB vans.

### SE-2800 - 12 input HD/SD Switcher

SE-2800 is designed for the event or activity that needs more than 3 cameras to produce the program. Versatile inputs/outputs with powerful effects, the cost effective SE-2800 HD/SD switcher has 12 inputs, superb 4:2:2 10 bit broadcast quality. SE-2800 is also easy for mobile or O.B Van demand.

The maximum number of inputs for a certain input format: 12 HD-SDI, 12 SD-SDI, 6 CVBS, 3 HDMI. SE-2800 supports HD & SD inputs with 3 BNC output connectors (SDI Outputs). 2 HDMI output for multiscreen.
