HD-SDI & ANALOG I/O CARD & BAY WITH HDMI OUTPUT FOR EDIUS PRO 8 (INCLUDED)

For editors needing high-quality digital and analog ingest solutions with audio and video monitoring capability from their EDIUS nonlinear editing system, STORM Pro with Bay provides the perfect solution.

Included in the STORM Pro with Bay package, you will also get EDIUS Pro 8 editing software. EDIUS Pro 8 from Grass Valley, a Belden Brand, gives you real-time editing of multiple formats and frame-rates all on the same timeline. With more creative options, fast, flexible user interface, including unlimited video, audio, title and graphics tracks and real-time, no-render editing of all popular SD, HD and even 4K formats, EDIUS Pro 8 is THE most versatile and fastest non-linear editing software available.
