

# datavideo® PROMOTION

Valid until 30<sup>th</sup> Dec 2015

## HS-2200 Mobile Video Studio

HS-2200 combines SE-2200 with a 17.3" HD LCD monitor and an 8 channel talk-back/tally system.

Packed into a durable case, HS-2200 is a convenient and powerful portable video studio.

The HS-2200 consists of 6x HD-SDI video inputs or with a combination of 4x HD-SDI and 2x HDMI inputs; all of the inputs are reassignable, thus it is able to adapt to your needs. One of the HDMI inputs can be used to accept video from a PC/Laptop computer to work with built-in title overlay system such as Datavideo CG-200, CG-250 & CG-350.

**Promotion Price** : RM31,800\*

**Normal Price** : RM39,000\*

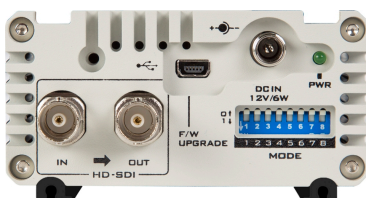

**SE-2200** : RM17,900\*

## DAC-50S 3G/HD-SDI to Analog Converter

**DAC-50S** down-converts 3G/HD-SDI video to one of the following analogue outputs:

- 1 x component (YUV) output & 1 x composite (CV) output including stereo audio
- 1 x S-Video (Y/C) output & 2 x composite (CV) outputs including stereo audio

The DAC-50S also provides an SDI Loop-thru output. The DAC-50S is housed in a rugged aluminium frame, making it durable enough to endure the roughest conditions.
