Promotion Price : RM3,550  
Normal Price : RM4,200

### Datavideo SE-500 4 Channel Video Switcher RM3,550 (while stock last)

4 channel video switcher/mixer featuring S-Video (Y/C) & Composite video inputs. SE-500 features include effects like Dissolve, Fade, Wipes, Splits, & PIP. SE-500 comes with built-in Colour Processor.

Each channel is internally synchronised via a built in dual channel TBC 4:2:2 frame synchroniser. Video output includes Component (YUV) via breakout cable, S-Video (Y/C) or Composite Video.

The SE-500 uniquely displays all 4 input sources on 1 TV Monitor via a single quad output including a Tally Light indicator on each input meaning the user only needs 2 video monitors – one for all inputs, one for output. The input display will also automatically change to preview the next transition if selected. The unit can be manually operated or controlled via RS-232 interface.

Ideal for Schools, Seminars, Small Studios, Clubs and Pubs.

### TLM-702 7" x 2 LCD Monitors

TLM-702JF is the TLM-702 holder for SE-500

The TLM-702 includes two 7" TFT LCD monitors in a standard 19" rack-mount. It can tilt up to +/- 30 degrees & lock in any position. Controls include contrast, brightness, color & tint. (Tint is for NTSC only).

**TLM-702 : RM4,500**  
**TLM-702JF : RM400**

### TB-5 SE-500 Tally Light

TB-5 comes with a control box, 4 units of Tally lights & 4 pcs of 1.2m tally cables

A Tally accessory for the SE-500 switcher, the TB-5 takes RS232 commands from the SE-500 & turns on/off up to four TD-1 Tally Lights to indicate Next Source & Program. The Tally Lights are connected & powered by mini phono plugs.

**TB-5 : RM1,600**

### DAC-06 DV to Analog Converter

Converts DV (Firewire) to Y:U:V, S-Video (Y/C), Composite Video (CV) & Stereo Audio. Also features built in DV Repeater allowing multiple units to be cascaded together in runs up to 200m. Each DAC-6 can be connected to a Plasma display for example allowing a Video / Audio signal to be distributed around an exhibition or conference up to 200m without quality loss. Also ideal when using DV cameras with analogue video switchers / mixers using long DV cables without concerns about quality loss.

**DAC-06 : RM1,300**

### DVK-100 Professional Chroma Keyer

The DVK-100 is the first Chroma Keyer that is designed for schools, small studios, wedding videographers and small size production companies. Now you can easily create a virtual studio effect with a DVK-100, a single colour background (blue or green), two video cameras & proper lighting.

DVK-100 comes with built-in halo edge shrink function, built-in color processor & built-in 2 channel full frame TBC. It has adjustable window frame for different size background. S-Video & composite video input/output.

**DVK-100 : RM5,500**

### ITC-100 Intercom System

An innovative, 8 remote user and base station intercom that can use low cost cell phone headsets or high quality, professional units. Users are connected to the base station via belt packs and 20 meter audio cables (5 pin XLR connectors) that may be extended up to **300** meters. Included in the package are 4 sets of ITC-100SL (belt pack, headphone, TD-1, tally cable & 20m intercom cables). Another 4 unit of ITC-100SL can be added.

**ITC-100 : RM4,500 ITC-100SL : RM950**
